## Physicians Mutual Celebrates Ribbon Cutting for New Bellevue Location

**OMAHA, Neb. (September 30, 2020)** – Physicians Mutual celebrated the completion of its new Bellevue location with a ribbon cutting and grand opening ceremony on Wednesday, September 30. The facility, now open and fully operational, is the new home for the company's Document Processing and Imaging operations. The Bellevue location is 601 Galvin Road S, occupying the former Shopko.

"It's a great use for this building," said Bellevue Mayor Rusty Hike. "We're glad Physicians Mutual is here, providing our community with additional, good jobs."

The reconstructed facility currently houses 70 employees, with a number of open positions the company is looking to fill. The Document Processing and Imaging Center serves Physicians Mutual's mail and printing function, premium processing, records and storage services and its mailroom. Employees in the new location moved from both the company's home office on 26<sup>th</sup> and Dodge and its previous mail and print center on North 16<sup>th</sup> in Omaha.

"This was a patient process in pursuing the right location to expand and bring our teams together," said Rob Reed, Physicians Mutual President and CEO. "Our new location will help streamline our workflow and operational efficiencies as well as give our employees more space to interact and grow over time to meet the increasing demands of the market."

The Company first announced its plans to occupy the nearly 70,000 sq. ft. space in early March, 2020, and committed to be operational by the end of August. Physicians Mutual employed area general contractor MCL Construction for the facility reconstruction. The renovation includes a new secure entrance and reception area, new offices, a conference room, break room, open office for workstations, new lighting, HVAC modifications, data cabling, and a new roof.

"This is a terrific day for the Bellevue community," said Kevin Hensel, President and CEO of the Greater Bellevue Area chamber of Commerce. "What a wonderful opportunity for us to have Physicians Mutual here in our community."
